

Thank you to everyone who attended the fossil park opening on Saturday, and to those who helped make it happen including Donnie Hoover, Mayor Mike Allen, Lance Howerton, Ninfa Holly & Marcelinda Williams, the Chamber Ambassadors & Tourism Committee, the Dallas Paleontological Society, Famous Mineral Water Co., Smith Audio Consulting, Teresa Gilbreath and the Girls Scouts, and PawPaw's Potties. Between 300 and 400 were present, including tons of children and out-of-towners. It was the biggest ribbon cutting the Chamber's had in years and years--if not ever. Thank you also to the Star-Telegram for Saturday's story!
